

# CDS Lunch and Learn Series

Tuesday, June 7, 2011

## **“Improving Health Care Transitions from Pediatric to Adult Care” for Young Adults with Special Health Care Needs**

**The Center for Disabilities Studies continues its Lunch and Learn series with a presentation by Cory Nourie and Bobbie Dehaven, members of the CDS Community Advisory Council.**

**Cory is the Patient Transition Social Work Coordinator in the Division of Transition of Care at Nemours/Alfred I. duPont Hospital for Children. Bobbie received treatment at the hospital until she reached the age of 21.**

Our presenters will share their experiences with the challenges young adults with special health care needs face as they transition from pediatric to adult health care. They will explain the work Nemours/Alfred I. duPont Hospital for Children is doing, in collaboration with CDS and Christiana Care Health System, to address these challenges. This session will offer ideas about the steps that health care providers, professionals who work with young adults with special health care needs, parents and young adults themselves can take to prepare and plan for a smooth transition.

### **Lunch and Learn Details:**

**Date and Time:** Tuesday, June 7, 2011, 12 noon–1 p.m.

**Location:** Center for Disabilities Studies, Room 132A, 461 Wyoming Rd., Newark
